Solid Comfort. Because not all Guests are Created Equal.

Wouldn't it be a wonderful world if all your guests left their rooms as if they'd never been there? At Solid Comfort we know better.

We build our furniture to stand up to the most adverse conditions and we accomplish it with our commitment to quality.

Our furniture's quality is visible in its face frame construction, the four-sided drawer boxes, and the 3/4" structural backs on all large cases. Our products feature many other benefits which will ensure product longevity and low maintenance costs.

As a factory-direct purchaser, you'll receive the maximum in customer service. Whether your order is large or small, we'll give you the same prompt, courteous and reliable service. We specialize in on-time deliveries, and elimination of freight damage. And we'll be there after delivery, too, providing product care information and making sure you're satisfied.

What's more, we haven't forgotten your guests. Our furniture is comfortably attractive to make their stay enjoyable and ensure they'll return again and again.

For more information on our entire line of hospitality furniture, return the attached postage-paid reply card. Our sales consultant will respond immediately.
